Petition to the House of Commons in Parliament assembled, WHEREAS

Canadians want a commitment that the National Security and Intelligence Review Agency (NSIRA), The Vice-Chair Craig Forcese, will uphold citizen rights and freedoms.

- Given that forced medical procedures are illegal in Canada – mandatory vaccination (a medical procedure) is not legal under Canadian Law as well as multiple International Conventions and Treaties such as The Geneva Convention;
- Given the actions of the government in dealing with the peaceful protest of Canadians in Ottawa who had legal right under the Charter and the Bill of Rights to protest the government of Canada's unlawful legislation;
- Given that unlawful travel restrictions were and are still taking place on Canadian soil – against Canadian's mobility rights as stated in the Charter of Rights and Freedoms and the Canadian Bill of Rights;
- Given the Canadian Armed Forces launched an operation to “shape” opinion amid the pandemic by the military's Joint Operations Command to disseminate state propaganda;
- Given that this CAF operation's key objective was to strengthen trust in the government and to suppress social opposition to the government's unlawful mandated vaccination, travel restrictions and civil unrest (peaceful protests);
- Given that the government of Canada has been infiltrated by members of foreign entities such as the World Economic Forum and are pushing a UN (United Nations) foreign private corporate agenda to set up an unelected fascist New World Order;
- NISCOP Annual Report 2019 found ample evidence that both Justine Trudeau and Crystia Freeland are under the influence / control of foreign states and entities;
- The head of the WEF, Klaus Schwab and author of the book "Covid-19: The Great Reset" writes about this private foreign corporate plan that is being adopted by the Canadian government without Canadian's knowledge, consent nor consensus;
- The UN through factions such as The World Economic Forum have developed plans on how to implement these goals as seen in Klaus Schwab's book – which involve the use of a National Emergency such as a Pandemic, Nuclear War or Solar Flare (Climate Crisis / Grid Down);
- Scenarios for the Future of Technology and International Development, written in 2010 by the Rockefeller Foundation, page 18 Lock Step – depicts a Pandemic Emergency resulting in fascist New World Order control;
- In a leaked government document the military would be used as those who “refused to participate in the World Debt Reset program, or the HealthPass, or the vaccination schedule” “would be deemed a public safety risk and would be relocated into isolation facilities”;
- Canadians want a commitment from the military and intelligence that they will not be used as a force to install a New World Order style dictatorship at the behest of an out-of-control Canadian bureaucracy;
- Canadians are not willing to hand over our sovereignty, rights and freedoms to foreign interests – regardless of any such Emergency;
- Canadian Citizens want a public statement from the NSIRA Vice-Chair Craig Forcese, that NSIRA will uphold the rights and freedoms of Canadians regardless of “National Security” or “National Emergency” forthright;

We, the undersigned citizens and residents of Canada call upon the House of Commons and the Senate to:

1. Desist implementing the private foreign corporate UN, WEF, Klaus Schwab Great Reset in Canada;

*2. Call upon the **Vice-Chair of NSIRA Craig Forcese**, to publicly commit to uphold The Charter of Rights and Freedoms and the Canadian Bill of Rights;*

*3. Call upon all **Members of Parliament** to follow Canadian Law and represent your Constituents instead of foreign corporate private interest;*

Canadians feel our government has been following a foreign corporate unconstitutional agenda and demand the laws of Canada be followed instead.
